Today is the final D-day with one mission which is the only mission to achieve for the NGF 2025 season – Bring the championship title back to our home, De Swinkelsche.

Moment of reflection -

All the cheering, excitement and emotions before tee-off prove how the team passionate on the ultimate goal. Look back on hundreds of days practicing in driving ranch, tuning the launch direct, apex and attack angel of our own swing. Thousands of moment of frustrations from the failures of ball strikes. Look at our own hands, where all wounds and thick skins cumulated from training exercises, that demonstrate we share the same goal. Championship title is in front of us. Question is, can we defeat De Hoenshuis team to stitch the championship title into our chests?

To see is what to believe -

De Peelse GC is not an easy course at all. Play smart is not enough, but accuracy and ball control are. Now, stress, pressure and fear are in front of the eyes. But hey, we accept the challenge. We do the best preparation and make our course management plan. So, let's perform!

Win or nothing –

Ding ding ding, captain rings the bell! Hoenshuis team optimizes the roster by adding a single handicapper! They are very confident in driving ranch which warming up the match. Our go-to person – Jerome Pegard, is still in recovery from his broken wrist. It is time to calm down and rehearsal again on the plan.

Bang! Tee-off! Ice break on all intensiveness, competitiveness and frozen-air. It is time to carry out the moment of truth. One thing for sure both teams eager to win the honor. Jerome delivers a long hybrid shot as a great complemental kick-off. It is clear Jerome put everything on table to lead the fight. KP, as the solid foundation, makes the accurate driver shot as usual. Chris is a bit stiff on the body due to international travel back from Korea. Todd makes a super long driver shot but land on the fairway next hole. Jay, as the captain, makes the hybrid shot but land under the tree. Jason hit the ball far and straight. We start the game with great beginning with moments of twitching nerves. Hey, we can not control everything but trust the team will perform!

Moment of truth -

Wow! After single matches are finished. We are in strong lead with 14 points and 27 holes wins. After green-some, total 22 points collected and 42 holes win. Great result pave De Swinkelsche team onto the red carpet towards the glory – the champion! Under the sunshine, the invisible king crown is shining with self-proud. This moment of truth belong to everyone who help and support along the journey. Thank you my dears!

Special appreciation to De Swinkelsche GC and vereniging who both supported us go thru NGF season. It is a great cooperations where the team does best to demonstrate to others that where we belong and from – the lovely De Swinkelsche.
